SUBSURFACE INVESTIGATION ON NURSERY AVENUE

PURCELLVILLE, Va. September 23, 2015 — Starting Tuesday, September 29, 2015 through Thursday, October 1, 2015, subcontractors for the Town's design engineer will be conducting subsurface geotechnical investigations on South Nursery Avenue between Main St. and School St. The investigations include drilling the pavement and sub-soil in several locations in order to assess the condition of the pavement and soil underneath. Results from the investigations will be used in completing the design of the upcoming Nursery Avenue Roadway & Drainage Improvements project.

The Contractor will be utilizing cones and signs as necessary to conduct the work and guide traffic around the work. During the work, parking spots may be blocked either at the location of the work or to guide traffic around the work. Traffic will be maintained at all times, but flaggers may be used as needed.

Residents, vehicles, and patrons are asked to be aware of the work zones and to be alert and use caution in areas where work is being performed.

This work schedule may be extended or revised in the event of inclement weather or unforeseen conditions.

This is not the start of construction. These are necessary steps in order to finalize the design for the project.

The Town of Purcellville, Virginia

Purcellville is an award-winning town of nearly 8,300 residents located in Loudoun County, approximately 40 miles west of Washington, DC. It has been honored for its green initiatives, most recently with the prestigious Siemens Sustainability Award for Small Communities. The Town has an elected Mayor and six Town Council members. Once a stop along the W&OD rail line, Purcellville has maintained its historic old-town feel through the restoration and maintenance of its many downtown structures, reflecting the Victorian architecture popular during the early 1900s. Today, Purcellville is the economic hub of western Loudoun County and a popular weekend destination for antiquing, entertainment, farmer's markets, wineries, breweries, distilleries and restaurants.
