Everyone interested in the future of Purcellville is invited to attend one of the three public comprehensive plan update workshops being held by the Purcellville Planning Commission in September. Two workshops will occur Saturday, September 24 at 10:00 AM and 2:00 PM in the Carver Center (200 Willie Palmer Way, Purcellville, Virginia), and the third workshop will be held at Town Hall (221 South Nursery Avenue, Purcellville, Virginia) on Thursday, September 29 at 7:00 PM.

Each two hour session will begin with an informational presentation about the current status of the update process including summaries of the public input received during the three previous rounds of public engagement. Following the presentation, attendees will have an opportunity to respond to posted questions that will provide further guidance for the Planning Commission's ongoing work on updating the comprehensive plan. A similar presentation on the status of the update process will take place during the Town Council meeting on Tuesday, September 13 at 7:00 PM in Town Hall; however, there will be no direct public input opportunity until the first workshop.

These workshops are the fourth part of a series of community engagement events being held this year that allow you to help shape the vision for our community. While we hope you will be able to attend one of the workshops, the same questions will be posted online at www.PlanPurcellville.com following the first workshop to allow you to respond even if you are not able to attend in person.

More information about the comprehensive plan update is available online at www.PlanPurcellville.com.
